

FRP Spun Cast Fiberglass Column with Tuscan Capital & Base

Our structural load bearing spun cast columns are more impact resistant than wood. Easy to install, requiring no priming, plinths, soffits or ventilation.

Column benefits:

- Architecturally correct
- Lifetime warranty
- Low maintenance
- Durable—will not rot or decay
- Protected against weathering, decay, insects and other environmental influences
- No ventilation required
- Services include splitting for reassembly for column cover applications to surround an existing support

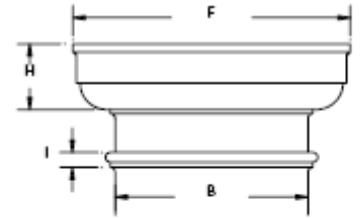

Round Tapered

COLUMN DIMENSIONS				PLAIN LOAD BEARING CAPACITIES	
Size	Bottom Width	Top Width	Length	Size	Load Bearing Capacity
8"	7 5/8"	6 1/4"	Up to 10'	8"	10,000
10"	9 5/8"	7 1/2"	Up to 12'	10"	14,000
12"	11 5/8"	9 1/4"	Up to 12'	12"	18,000
14"	13 5/8"	11 1/2"	Up to 16'	14"	20,000

*Call for availability of 16" to 30" columns

SPECIFICATIONS FOR TUSCAN CAPITAL, BASE & ASTRAGAL*						
Size	Base/Plinth			Capital		Astragal
	C	D	E	F	H	I
